MEMORANDUM FOR: Director of Logistics

ATTENTION:

OL/EO

SUBJECT:

Exemptions from Customs on Items
Designed for NPIC

1. We are presently engaged in contractual relationships with the [redacted] to manufacture a sophisticated Stereo Comparator. As you know, the optics for this Comparator could not be fabricated satisfactorily in this country and a sub-contract was negotiated by [redacted] with the Center's approval, with the [redacted]. The optics are destined to be shipped to this country starting the first week of February 1970, and will come partially by air-mail in eight (8) or ten (10) parcel post shipments. The value of these air-mail packages, each of which contains a small optical part, is approximately [redacted]. On February 1, 1970 the major optical item will be shipped to San Francisco by air freight and the value of this optical configuration is [redacted].

2. In as much as the U. S. Customs would normally impose a duty charge of 40% of the value of this type of import commodity, it would be of tremendous financial assistance to the Center, and to the Agency, to have these items imported duty free.

3. We will provide precise nomenclature, weights, value, as well as any other data desired, as required. Your assistance in obtaining exemption of these items would be greatly appreciated.
